DEMONETISATION-
Past, Present & Future

17th January 2017 to 16th February 2017

ABOUT LEAF

Legal Education Awareness Foundation (Reg. No. 929) is an organization which aims at spreading legal education to all parts of the society, beyond social and economic barriers. LEAF was established with the sole objective of awakening the citizens of the country. LEAF believes that legal education needs to cross its lines beyond the four walls of law schools and courts since it seems to be a need of the hour owing to exploitation that is happening due to lack of legal awareness in people.

ABOUT THE COURSE

India has witnessed one of the boldest steps taken by the government to curb the problems of black money and corruption. Yes, we talk about the Demonetisation policy of 2016. No doubt the nation strongly supports the step, but only a few know what demonetisation policy really is!

The Demonetisation- Past, Present & Future is the key to such a question. Legal Education Awareness Foundation brings to you The Demonetisation, a 30 days online course which introduces you to the concept of demonetisation, its history, implications in the present time and its effects in the future.

The course shall introduce the participants to the pros and cons of the policy, along with its affects on black money, corruption, curbing the problems of terrorism and counterfeit currency notes along with putting emphasis towards the implications of the policy and its relation to the Indian and the world economy.

The Demonetisation is the key to an aware India, which intends to aware the participants about the policies prevailing in the country and the respective legal frameworks.
